## Addresses

Leibniz Institute on Aging

Beutenbergstrasse 11 Tel: +49 (3641) 65-6280

07745 Jena, Germany Email: dvalenzano@leibniz-fli.de

Max Planck Institute for Biology of Ageing

Joseph-Stelzmann Str. 9b Email: dvalenzano@age.mpg.de

50931, Cologne, Germany

Academic status

From July 2021 Full Professor at the Friedrich Schiller University of Jena (Germany) and

Senior Researcher at the Leibniz Institute on Aging (Fritz-Lippman Institute)

Tel: +49 (0)221 379 70 490

2013-2021 Max Planck Research Group Leader (equivalent to Associate Professor),

Max Planck Institute for Biology of Ageing

Education

April 2006 Ph.D. in Neuroscience, Scuola Normale Superiore, Pisa, Italy December 2002 Diploma in Biology at Scuola Normale Superiore, Pisa, Italy October 2001 BSc and MSc in Biology at the University of Pisa, Pisa, Italy

Research Experience

Jan 2016 – 2021 CECAD Principal Investigator, CECAD, University of Cologne

Jun 2013 – 2021 Max Planck Research Group Leader

Max Planck Institute for Biology of Ageing

May 2011 – May 2013 Research Associate

Stanford University, Department of Genetics (Brunet lab)

May 2006 – Apr 2011 Postdoctoral Fellow

Stanford University, Department of Genetics (Brunet lab)

Jan 2003 – Apr 2006 Graduate Student in Neurobiology at Scuola Normale Superiore,

Pisa, Italy (Cellerino lab)

Aug 2000 – Dec 2002 Undergraduate Thesis Research

ISTC of the CNR, Rome, Italy

Awards and Honors

2019 Nathan Shock New Investigator Award 2018-2021 EMBO YIP Young Investigator Award 2010-2011 Ellison/AFAR postdoctoral fellowship

2007-2010 Stanford Center on Longevity postdoctoral fellowship
2006 First prize at the Stanford Genetics Retreat poster session
2005 Young Researcher Scuola Normale Superiore Award
2004 Young Researcher Scuola Normale Superiore Award
2003 Young Researcher Scuola Normale Superiore Award
2002 University of Pisa Gold Medal for outstanding curricular

achievements

1999 Scuola Normale Superiore undergraduate scholarship

### List of current third-party grants

2018-2025\*: DFG (SFB) CRC 1310 "Predictability in Evolution": Funded four-year

grant on "Co-evolution of gut microbiota and immune cells during

ageing in killifish", €1.073.

2023-2027: Carl-Zeiss Foundation "microbAlome, Al-based microbiome analysis

in aging", €1.25.

2019	Max Planck for Chemical Ecology, Jena, DE
2019	Gutenberg Workshop: The Biology of Ageing, Mainz, DE
2019	CRC 1310 midterm symposium, Cologne, DE
2019	Microbiota and Aging Symposium, CECAD, University of Cologne, DE
2019	Gerontological Society of America, Austin, US
2019	ICMM annual meeting, University of Copenhagen, Helsingør, DK
2019	BIG Talk, Faculty of Biology and Medicine, University of Lausanne, Lausanne CH
2020	Microbiota and Aging Symposium, Leibniz Institute, Jena, DE
2020	Hohenheim University, Stuttgart, DE
2020	Department of Genetics, University of Cologne, Cologne, DE
2020	Seminar at PRBB, Barcelona, ES
2020	Museum Mensch und Natur, Munich, DE
2020	Keynote seminar, Signalife, Nice, FR
2020	Intra- and Inter-cellular mechanisms of Aging, Keystone meeting, Vancouver, CA
2020	ZMBH, University of Heidelberg, Heidelberg, DE
2020	Brown University Colloquium on the Biology of Human Aging, video conference
2020	AgingScienceTalks, video seminar
2020	Institute Gulbenkian de Ciência, video seminar
2020	7 <sup>th</sup> Aging Research & Drug Discovery Meeting (ARDD), video seminar
2020	Michigan State University Ecology, Evolution and Behavior, video seminar
2020	University of Muenster, Muenster, DE
2020	TU Dresden, CMCB program (video)
2020	Keynote talk, SynAge annual retreat, University of Magdeburg, DE (video)
2020	Erasmus Medical Center, Rotterdam (video)
2020	BTI-PGS Virtual distinguished lecture, Cornell University (video)
2020	2020 Molecular Biology Society of Japan (video)
2020	eLife Symposium: Aging, Geroscience and Longevity (video)
2021	MolMet webinar, Karolinska Institute (video)
2021	Aarhus University, Kjeldgaard Lectures (video)
2021	Life Science Switzerland (LS2), keynote (video)
2021	USC L. Davis School of Gerontology, L.A., US (video)
2021	University of Leicester, UK (video)
2021	Max Planck Lecture, MPFI, US (video)
2021	Keynote Speaker, 3rd International Symposium of the RTG1743, DE (video)
2021	Basic Biology of Aging Spring Speaker Series, UW in Seattle, US (video)
2021	Seeon Conference – Microbiota, Probiotics and Host, Keynote speaker, DE (video)
2021	Max Planck Institute for Developmental Biology, Tuebingen, DE
2021	8 <sup>th</sup> Aging Research & Drug Discovery Meeting (ARDD), Copenhagen, DK
2021	International African Turquoise Killifish Conference, MDI BL, Bar Harbor, US
2021	EMBO YIN evolution sectoral meeting (online)
	<u> </u>
2021	International Congress of Zoology (online)
2021	EMBO YIN microbiology sectoral meeting, Bordeaux, FR
2022	IPMM Web-Lecture Molecular Medicine (online)
2022	"Balance of the Microverse" Cluster of Excellence (online), Jena, DE
2022	Interdisziplinäres Zentrum für Klinische Forschung (online), Jena, DE
2022	2nd Euro-Geroscience Conference, Toulouse, FR
2022	UMC and Hubrecht Institute, Utrecht, NL

2022	European Institute of Technology, Health Aging advanced course (online)
2022	Molecular, Cellular and Organismal drivers of aging, CNIO, Madrid, ES
2022	Developmental Circuits in Aging – EMBO workshop, Crete, GR
2022	2022 IMB Conference Epigenetics of Ageing – Mainz, DE
2022	ProMoAge: Protein Modification: a Key Mechanism for Ageing, Oberhof, DE
2022	NIA Genetic Variation and Aging, UW, Seattle, US
2022	INTECOL22, Geneva, CH
2022	Annual Retreat, Hannover Medical School, Goslar, DE

## Professional memberships and activities

German Association for Aging Research (DGfA)

Faculty of 1000 (F1000)

Board member, graduate school of Biology, University of Pisa, Pisa, Italy Cologne Graduate School on Aging, committee member, Cologne, Germany

## Organization of meetings and symposia

2012	discussion leader, Gordon Research Seminar, Biology of Aging
2015	moderator, German Association for Aging Research
2016	organizer, Second Nothobranchius Symposium
2018	organizer, 2018 Nothobranchius Symposium
2019	discussion leader, GlaxoSmithKlein "Palio Meeting" on the future of vaccines
2019	vice-chair, Gordon Research Conference, Biology of Aging
2021	chair, 2 <sup>nd</sup> eLife symposium on Aging, Geroscience and Longevity
2021	2021 Nothobranchius Symposium
2021	EMBO/YIN Evolution Sectoral Meeting
2022	Annual Meeting of the German Society for Aging Research
2022	chair, Conservation Genomics at the Population Level, Wellcome Genome Campus
2023	chair, Gordon Research Conference, Biology of Aging

### Serving on editorial board

Aging Cell eLife

### Reviewing activities

Scientific journals: Aging Cell; Aging and Mechanisims of Disease; BBA – Molecular Basis of Disease; BMC Genomics; BMC Microbiology; Cell Reports; Current Biology; Developmental Dynamics; Development Genes and Evolution; eLife; Frontiers in Microbiology; Experimental Gerontology; Fishes; G3: Genes, Genome, Genome Biology; Genome Research; Genetics; Gut Microbes; Hormone and Metabolic Research; Invertebrate Reproduction and Behavior; iScience; Journal of Comparative Physiology B; Journal of Experimental Biology; the Lancet Healthy Longevity; Microbial Cell; Microbiome; Molecular Biology and Evolution; Molecular Phylogenetics and Evolution; Nature; Nature Aging; Nature Communications; Nature Medicine; Nature Protocols; PLoS Genetics; PLoS ONE; PNAS; Proceedings of the Royal Society B; Science; Science Advances; Scientific Reports; Trends in Genetics.

Scientific publishers: Chigago University Press, Oxford University Press.

Research Grants: AFAR, Blood Cancer UK, Czech Science Foundation, DFG, ERC, HSFP, INSPIRE Geroscience, Polish National Science Centre, SWO (Belgium), Research Foundation - Flanders (Fonds Wetenschappelijk Onderzoek - Vlaanderen, FWO), Università di Camerino (Italy), Swiss National Science Foundation, Wellcome Trust.

Teaching	
2003	Undergraduate orientation school. Scuola Normale Superiore di Pisa, San Miniato Pisa, Italy.
2008	Undergraduate course "Longevity", Stanford University, USA.
2009 2015	Undergraduate course "Longevity", Stanford University, USA. Graduate course "Genomics for the Neurosciences". Scuola Normale Superiore di
	Pisa, Italy.
2015	Master module "Functional Genomics". University of Cologne, Cologne, Germany.
2016	Graduate course "Neurogenomics". Scuola Normale Superiore di Pisa, Pisa, Italy.
2016 2016	Master module "Population Genetics". University of Cologne, Cologne, Germany. Undergraduate course "Evolutionary Biology". Scuola Normale Superiore, Pisa, Italy.
2016	Master module "Functional Genomics". University of Cologne, Cologne, Germany.
2017	Master module "Population Genetics". University of Cologne, Cologne, Germany.
2018	Master module "Functional Genomics". University of Cologne, Cologne, Germany.
2018	Master module "Population Genetics". University of Cologne, Cologne, Germany.
2018	Module "Analysis of the Microbiome and Quantitative Genetics" for the PhD course "Neurogenomics". Scuola Normale Superiore, Pisa, Italy.

2018	"Stochastic models in DNA sequence evolution" (SS 2018), University of Cologne, Institute of Mathematics (with Professor Alexader Drewitz).
2018	PhD Summer School on Aging and the Microbiome, Old Herborn University, Herborn, Germany.
2018	"Comparative and Experimental Approaches in Aging Biology Research, An Applied Laboratory in Aging Research Models" for undergraduates and PhD students. MDI Biological Laboratory, Bar Harbor, Maine, United States.
2018	CECAD Summer School, CECAD, University of Cologne, Cologne, Germany.
2018	"Forever young" – Frontiers in Aging Research. Lecture series of the IPMM/IPHS graduate program on Molecular Medicine, Cologne, Germany.
2019	Master module "Functional Genomics". University of Cologne, Cologne, Germany.
2019	Master module "Population Genetics". University of Cologne, Cologne, Germany.
2019	Module "Analysis of the Microbiome" for the PhD course "Neurogenomics", Scuola Normale Superiore, Pisa, Italy.
2020	"Evolutionary biology of Aging", Cologne Graduate School on Aging, Cologne, Germany.
2020	Cologne Graduate School on Aging Summer School, Cologne, Germany.
2021	"Genetics, Genomics, and Cell Biology of Aging", Princeton University, US.
2021	"Population Genetics and Molecular Evolution", University of Cologne, Germany.
2022	"Alterung und Krankheitsentstehung: Intestinal stem cells and microbiome in aging", Friedrich Schiller University, Jena, Germany.
2022	European Institute of Technology, Health Aging advanced course
